Please answer each of the questions below, if applicable. Missing or incomplete information may delay review of the proposed changes.

1.0 Describe proposed change(s). Complete Appendix A (if necessary) and amend SDAR (Refer to Appendix C).

We propose to move PHRM 3004 (Pharmacology) from the spring term (Level 3) to the winter term (Level 2), while moving NRSG 1016 (Health Promotion) from the winter term to the spring term effective for the 2014 - 2015 academic year.

Both courses are 3.00 credit hours. With this change PHRM 3004 will increased from 40 to 45 total hours and Health Promotion will remain at 45 total hours. These changes will not affect the current content, outcomes, or delivery of these courses.

Appendix A reflects the required course compliment for the full-time day practical nursing program. The CE practical nursing certificate to diploma program will be impacted in exactly the same manner as described above. The course numbers are the same and timing have been the same in both programs and will remain as such.

Impact of not having separate degree audits is significant, and in fact is complicating an appeal I'm in the midst of right now. We really needed these two programs to have separate degree audits. I'll follow up with Tracy.

Hi Elizabeth:

I need to understand the implications of this proposed change to our CE Certificate to Diploma offering. I am meeting with my team here to review the impact - I will get back to you next week once we've met. I haven't had a moment to turn my time to this request, and I'm concerned that there may in fact be a negative impact.

I'm remembering that in the fall we submitted a DA change for the CE Cert to Diploma program, and I don't think it was approved. So now I'm not sure what this proposed change will mean for us. I'll need a week or so.

Thanks,
Susan

Hello Susan,

Tracy is currently reviewing the Practical Nursing diploma program DA Change Form (see attached) and they had indicated that the change impacted CE, but they did not get your signature to approve their changes. Would you be able to look over the DA change form and indicated via email whether you approved of the changes.

Thank you,

Elizabeth de Groot
